

Knitting Squares for Blankets

In 2014, we knitted squares for a blanket for Chintowa Charity which supports a school in Malawi for street children. (see <http://www.chinhowa.org.uk/>). I think it was sent out in the container in October.

If anyone would like to knit squares for more blankets, please do so and we will make another blanket, or maybe more than one, this year.

If you want to knit any more squares, each square should be 6" x 6". Use double knit wool and size

4mm (old size 8) needles. You need about 30 stitches. Please leave an end long enough to stitch one side.
