

Taking time out

Taking time out from the everyday norms is vitally important for our wellbeing

Hello, my name is Sharon Crofts and I've been appointed as the new curate for Hartshill and Galley Common. For those who don't know what a curate is, I'm basically an assistant vicar in training, or an assistant vicar with 'L' plates on and Heather Barnes is my trainer and mentor. Having completed a short summer training placement here with you in 2016, I can honestly say I'm really delighted to have been asked to come and serve my curacy with you all.

My prayer, when I began my curacy at the beginning of July, was that I would not become so busy that my relationship with God becomes squeezed out. If that should happen I know I would not be able to serve the needs and hopes of the communities, for without my enjoyment of God and God's provision for me I would be tired, wrung out and useless to everyone, including myself.

I therefore found it somewhat strange that newly ordained Deacons begin their curacies on the tail end of a long, focussed and very full academic year with limited opportunity to take a break before we embark upon our new roles. That said, new Deacons have been training hard at Theological colleges for a number of years in response to God's call to priesthood and by the end of their training are chomping at the bit to get stuck into their new parish curacies. Now the real work begins. Surely then you would think it makes sense to have a break or take a holiday before that next phase starts?

Even God, after creating the heavens and the earth, ceased his work and rested, taking the time to enjoy all that he had made (Genesis 2:1-3). Rest from our work is good and as many of us embark on summer holidays during this period, it is good to know that taking time out from our normal everyday roles is vitally important for our wellbeing. It offers us

opportunity to rest, relax, take stock and enjoy our accomplishments and to enjoy the company of our family and friends.

Taking a break from the everyday norms is about living wisely. In today's global society we can often find ourselves pressured by external sources and our busyness can become all consuming. Yet our time is a valuable God given resource and a gift to each of us. If we use our time out wisely we can find ourselves returning to our normal daily routines properly refreshed and rejuvenated.

For me, it is important that my time out from the everyday norms are spent in God's company.

Oswald Chambers, an early twentieth century Scottish evangelist and teacher wisely advises "the busyness of things obscure our concentration on God. Never let a hurried lifestyle disturb the relationship of abiding in Christ."

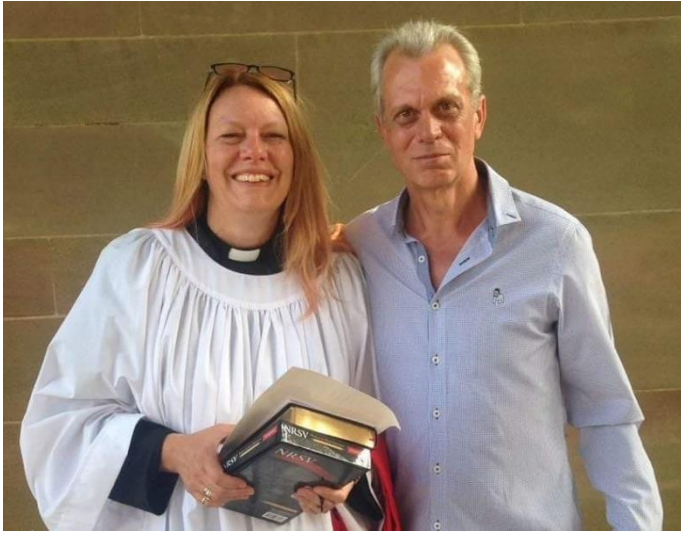

God's time out on the 'Sabbath' day was a day and time that he blessed and made holy. God wants you to be blessed as you take time out, however you might choose to do that.

I was privileged to manage to squeeze in a damp week in Wales the minute I had finished my final college assignment and prior to a wonderfully warm and sunny retreat where I had time out focussing on God in preparation for my ordination. By the end of this I was more than ready to begin my curacy – in fact I was raring to go!

So may this summer provide you opportunity to rest and enjoy all that God has gifted because of his love and his care for each of us, including his gifted time out.

Yours in Christ,

Reverend Sharon Crofts - Curate, Holy Trinity, Hartshill and St Peter's,
Galley Common

Welcome to Sharon who is pictured here with her husband Allan at her ordination at Coventry Cathedral on Sunday July 1st .

The Feast-time of the Year

This is the feast-time of the year,
When plenty pours her wine of cheer,
And even humble boards may spare
To poorer poor a kindly share.
While bursting barns and granaries know
A richer, fuller overflow.
And they who dwell in golden ease
Blest without toil, yet toil to please.

For Hartshill, Galley Common and area

We met again as a committee on Wednesday 13th June to plan ahead for the rest of the year – including our Advent Sunday service which will be at Holy Trinity Hartshill on December 2nd at 3pm. During the meeting we were also planning our Christmas Carol Singing – but perhaps we’ll give you those dates nearer the time!

We also enjoyed a fabulous open air songs of praise at the end of June – with thanks to the Quaker church for hosting us. We enjoyed hearing about why songs were special and poignantly sang one of the hymns in memory of Sandra Smith – a faithful supporter of the Churches Together services for many years.

It was good to have each church represented – and as an extra bonus the end of service collection went to the Chinthowa trust – a locally based charity supporting the development of the village of Chinthowa in Malawi working especially with orphans and children. So thank you for your support with this.

As always all are most welcome – so do get involved where you can...

...for... *“How good and pleasant it is when brothers and sisters live together in unity...for there the LORD bestows his blessing, even life forevermore.” (Psalm 133)*

LONDON CITY MISSION

London City Mission was founded in 1835, working in the slums of London and its vicinity, for the purpose of bringing to the people an acquaintance with salvation, through our Lord Jesus Christ; something they still strive to do today, over 150 years later.

When a deadly outbreak of cholera swept London in the 1840s more than 200 missionaries entered the slums, into the homes of the sick to bring God's good news. They prayed with suffering families, shared the gospel with them and held their hands as they died, risking everything themselves to care for those on the very margins of society.

After that, they set up schools (the Ragged Schools) for poor children in the 1850s, then went out to the docks to minister to working men and found homes for the homeless. Later, they helped families bombed in the Blitz and came alongside traumatized soldiers returning from the war.

Today, they still take the gospel to the least reached people and can be found on the toughest estates, talking to gang members about Jesus. They also go into prisons to run Bible groups. They show love and hospitality to immigrants. They run a drop-in centre for homeless people and provide cooked breakfasts, showers, medical support, advice and friendship to them.

They work right across London, sharing God's love with people who are shunned, ignored or overlooked. They do this "because London needs Jesus". How true is this, but not just London, England in general.

Of course, London's population has changed vastly in 150 years and people from all over the world now live, work or study here and the missionaries

now work with people of many faiths or none, seeking to make Jesus known to them. Many of the missionaries are now from a variety of backgrounds and languages and are able to reach their fellow residents in a language familiar to them. They chat on the local streets conversing with people from their original countries and telling them what Jesus means to them.

There are many opportunities to serve the Lord in this Mission whether it's by street evangelism, working in their cafes, prison visiting, providing hospitality in the drop-in centres, working with the local schools, church planting, office work or many other areas.

Contact details: London City Mission, Nasmith House, 175 Tower Bridge Road, London SE1 2AH. Telephone: 020 7407 7585 or online at London City Mission.

P.S. Our local cities of Coventry and Birmingham also have City Missions, serving their local communities in similar ways.

Eco Top Tips

In the car

1. In the car drive away immediately when starting from cold - idling to heat the engine wastes fuel and causes rapid engine wear.
2. When driving the most efficient speed depends upon the car in question but is typically around 55 - 65mph, faster speeds will greatly increase your fuel consumption. Slow down and allow a little more time for journeys.
3. Change your car breakdown cover to a company that campaigns for better environmental transport measures, rather than being part of the road transport lobby e.g. Environmental Transport Association www.eta.co.uk
4. In the car switch your engine off if you pull over or are stuck in traffic for even a minute. It saves you fuel, reduces the nitrous oxide pollution for you and those around you and cuts noise pollution.

Lighting your home

1. Light bulbs! If the average household replaced all of their bulbs with LEDs, it would cost about £100 and save about £35 a year on bills. www.energysavingtrust.org.uk/home-energy-efficiency/energy-saving-quick-wins
2. Use natural light when you can to save energy. Sit by the window. Decorate your home in light colours to maximise natural light.
3. Turn your lights off when you're not using them. If you switch a light off for just a few seconds, you will save more energy than it takes for the light to start up again, regardless of the type of light. www.energysavingtrust.org.uk/home-energy-efficiency/energy-saving-quick-wins
4. If you have lights in your garden use solar powered lights that charge during the day and don't require electricity.
